

FURY

Structural Firefighting Gloves

/ ENHANCED DEXTERITY / QUICK WET DONNING / FULL STRUCTURAL PROTECTION

- **Easy Wet Donning** EZ-On liner allows fast, smooth glove entry — even when wet.
- **High Heat Protection (TPP 60+)** Durable heat-shield shell delivering proven structural protection.
- **Performance Liner System** Advanced anchored lining prevents pull-outs.
- **Improved Dexterity** Holík's ergonomic design combines several features for maximum dexterity and control.
- **PFAS Free SEI Certified** Made without forever chemicals, tested < 100 ppm.

FURY

Order no.:
FURY Gauntlet 8091

The combination structural gloves represent the next evolution in firefighter protection. It combines the proven durability of leather with advanced textile materials engineered for agility and comfort. The design delivers full structural protection while addressing long-standing issues of stiffness, water absorption, and liner displacement — offering reliable heat protection with improved dexterity, faster donning and lasting comfort.

5D Anatomic Cut:

Moves like your hand, not against it. A unique combination of 3D and 2D finger construction.

Heat Shield:

Your barrier against the burn. Defending you from extreme heat when it matters most.

Performance Lining:

Secure Fit. Reliable Comfort. Engineered for easy donning and enhanced airflow — the liner stays in place, no matter what.

PFAS Free*:

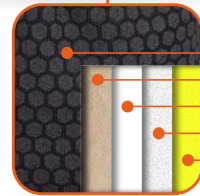

Because your safety shouldn't come with hidden risks. SEI USA Certified: PFAS (Total Fluorine) content below 100 ppm.

Unbound Thumb:

Freedom you can feel. No pulling, no twisting — just seamless movement and control.

CeramX Shield

Ceramic coated Meta-Aramid combined with aramid non-woven layers.

1. Ceramic Meta-Aramid Textile
2. Non-woven layers
3. Modacrylic /PU FR knitting
4. Porelle® membrane
5. Aramid lining
